FULL STACK DEVELOPER

Computer Science Student with 2+ years of project-based development experience building scalable web applications and APIs. Adept at designing user-focused interfaces and optimizing backend performance. Successfully deployed 5+ full-stack projects with clean architecture and responsive UI/UX.

TECHNICAL SKILLS

- **Frontend Technologies:** React.js, Tailwind CSS
- **Backend Technologies:** Node.js, Express.js, Rate limiting
- **Databases & ORM:** MongoDB, PostgreSQL, Prisma
- **DevOps:** Docker, nginx, pm2
- **Development Tools:** Git, GitHub, Postman, Vim
- **Programming Languages:** JavaScript, TypeScript, Python, C
- **Soft Skills:** Problem Solving, Team Collaboration, Time Management, Communication

PROJECTS

LinkWeaver | React.js, TypeScript, Node.js, PostgreSQL, Prisma, OAuth, Docker, nginx, Digital Ocean [Link](#)

- Developed full-featured link management SaaS.
- Implemented advanced analytics system with IP geolocation, device tracking, and real-time click metrics using PostgreSQL.
- Integrated QR code generation, password protection, link expiration and click limit features.
- Built responsive React frontend with customizable themes, achieving and mobile-first design.
- Created comprehensive API documentation with Swagger and implemented secure user auth.

Blogify | React.js, Tailwind CSS, Shadcn/ui, Node.js, PostgreSQL, Prisma

[Link](#)

- Created Medium-inspired blogging platform with rich text editor, user profiles, and content management system
- Built a responsive frontend with React and Tailwind CSS, focusing on clean design
- Implemented a robust backend using RESTful APIs, Prisma ORM, and PostgreSQL for scalable and secure data management.

Budget Tracker | React.js, Tailwind CSS, Shadcn/ui, Clerk, PostgreSQL, Prisma

[Link](#)

- A budget tracker application enabling users to effectively manage and track their finances, including income, expenses, and overall budget.
- Uses graphs to provide users with clear visual representations of their income and expenses.
- Used Clerk to implement secure user authentication, guaranteeing security and usability for all users.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

DCRUST University, Haryana | 2022 - 2026 (Expected)

Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Web Development, Software Engineering, Computer Networks, Operating Systems

Higher Secondary Education (12th Grade)

Sambhu Dayal Public School | 2022

ADDITIONAL INFORMATION

Languages: Proficient in English and Hindi

Interests: Open Source Contribution, Tech Blogging, Community Meetups

CERTIFICATIONS

Full Stack Development : Harkirat Singh
